LA CASONA  
CUSCO - PERU

## DESCRIPTION

The first Relais & Châteaux property in Peru, this exquisite 16th-century manor house is set in the heart of Cusco, nestled among cobblestone streets. Thoughtfully restored, it reflects the rich blend of cultures and traditions that define the city. Contemporary luxury meets the warmth of a Peruvian home, evoking the sense of privacy and privilege once enjoyed by distinguished guests such as Conquistador Diego de Almagro and Libertador Simón Bolívar, as its doors remain discreetly closed to the outside world.
